A Statement by The Parade Committee

The 1980 Gay Freedom Day Parade & Celebration Sunday 29 June

Brothers and Sisters.

The sad history of societies whose freedom eroded from within is that the demise of liberty has always started with the persecution of one identifiable group. Now that we are increasingly identifying ourselves, we are committed to seeing that this sad history does not repeat itself in the United States.

We demand what our experience in this splendid city has taught us to believe in:

Liberty and Justice for All. Today, as we observe our annual celebration of Gay Freedom, we also serve notice to this nation that we will not long tolerate a condition of being half-free.

We will not accept the denial of equal rights to law abiding, constructive citizens, for no other reason than their choice of whom to love.

We do not accept discrimination in employment, housing, the right to teach. We do not accept the confiscation of our children. We do not accept that lesbian and gay foreigners are denied the right even to visit the Land of the Free.

These, and other blatant indignities, are a slander against the words "Liberty and

Let no one misunderstand our goal: We will not rest until these indignities are abolished.

Let no one underestimate our numbers, or our determination.

And let those who would characterize our movement as selfish, or self-indulgent, understand that in seeking liberty and justice for ourselves, we are seeking liberty and justice for all. Ultimately, let them understand that if they want liberty and justice for themselves, they can not deny liberty and justice to us.

Today, we celebrate the very magnitude of our task, and the fact that we are chosen at this moment in history to be among the leaders in humanity's great

Today, we celebrate the city of San Francisco, whose success as a region struggle for liberty. where gay people are welcome is a reassurance to oppressed people everywhere that an end to bigotry cannot be long distant.

Today, we celebrate the cooperation we have achieved with our non-gay friends and with other minorities, and we join them in reaffirming our dedication to a goal that is not ours alone: Liberty and Justice for All.

The Job of the Parade Committee

The Gay Freedom Day Parade and Celebration, which takes place in San Francisco on the last Sunday in June each year, is the largest event of its kind in the world. From a few hundred people commemorating the Stonewall Inn rebellion in the early 1970's, the parade has grown steadily, attracting upwards of 300,000 people.

Responsible for the on-going production of the parade and celebration is The Gay Freedom Day Committee, a non-profit corporation composed of a seven member Board of Directors. Directors serve three-year terms, staggered such that three members are elected each year.

Funding for the Gay Freedom Day Parade is provided in part by a grant from the San Francisco Hotel Tax Fund. Additional funding for the event comes through fundraising efforts in the Gay and Lesbian communities. A financial statement prepared by the Gay Freedom Day Committee's certified public accountant will be published following the parade.

Although the non-profit corporation provides continuity, the day-to-day

function of planning the Gay Freedom Day Parade and Celebration is delegated to an annual parade committee which operates from January through June. Membership in the annual committees, including the 1980 Gay Freedom Day Committee, is open to anyone in the community who wishes to contribute his or her time and talents to the parade. Such community imput hopefully guarantees a diversity of opinion.

The annual parade committee divides up the bulk of its responsibilities among a series of subcommittees. Each is assigned specific tasks to ensure that the event is a successful one. Subcommittees include Fundraising, Media/Public Relations, March, Float, Celebration, Women's Outreach, Booth, Decorations, Medical Monitors, Security Monitors, Lesbian/Gay History, and others. These groups generally meet bi-weekly.

The work is long and often difficult. But it's very satisfying. All of these committees welcome your input to make the parade and celebration a success. If you are interested, please call 641-0100 and contribute your time and talents.

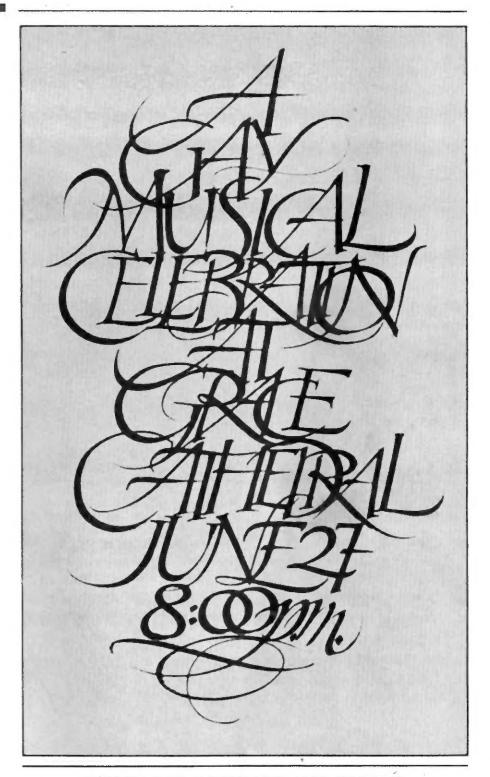

Lesbian & Gay Men's **History Project**

A very special feature of Gay Freedom Week 1980 is the Lesbian and Gay Men's History Project, which celebrates the love and labor of the women and men of our community that have created the previous parades.

The exhibit, which includes photographs and memorabilia of past parades, will be open to the public during working hours at City Hall at the Van Ness entrance to the building

The exhibit has been organized to add to the celebration of Gay Freedom Day and chronicles the development of our community as mirrored by the parade.

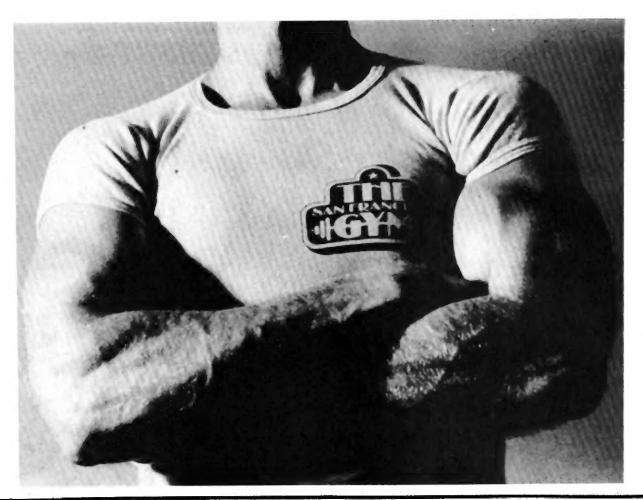

The Project is still in need of memories and mementoes of past parades to be treasured and preserved for our future. If you have something that would be appropriate for the project, please call 641-0100

A Message from Supervisor Harry Britt

Office of Supervisor Harry Britt

City Hall, San Francisco

Brothers and Sisters,

Though the struggle for gay rights still has a long way to go, it is appropriate that in 1980 lesbians and gay men take the lead in proclaiming liberty and justice for all—not just for ourselves but for every human now denied full participation in society.

To grow up gay in America still means to experience daily fear and shame. Young girls and boys with homosexual feelings still have to choose between acknowledging those feelings and finding acceptance by parents, church and classmates. But out of that common experience, lesbians and gay men have forged personal histories of great courage, wisdom and pride.

We have experienced the courage of risking the loss of the love of parents and friends. We have gained the wisdom that comes from alienation in a society that cannot deal with us. And we have pride in our sisters and brothers who have taken the lead in humanizing society.

Out of this history gay people are specially equipped to speak the word of liberty and justice for all to a society that is too often blind to people as people.

As disabled people assert their right to equal participation in a society that has shunted them to the side as partial people, the gay community is there taking leadership in changing both laws and attitudes that keep them handicapped.

As members of minority groups continue to struggle against centuries of exclusion, economically and politically, lesbians and gay men use their political power to help build a society that recognizes the special contributions that every minority can make when economic and political obstacles are removed.

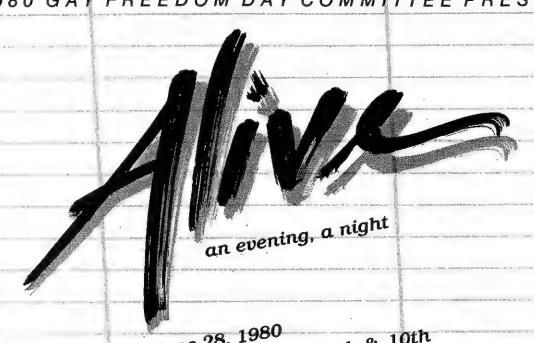

As senior citizens organize to protest the assumptions that they are used up and useless and should be consigned to exist in poverty and dependency, our community offers them the support of our family.

The most important fight of all is the struggle of women to reverse historic patterns of sexism in our society. Unless that battle is won, none of us will be free. Starting with the passage of ERA and the eradications of sexism in our own community, we who would liberate gay people must make our first priority the creation of a society without sexism.

Liberty and justice for all. And courage and wisdom and pride. Let us celebrate our accomplishments and our vision of a fully liberated and just society.

In Celebration

The official 1980 pre-parade celebration

They Said It Couldn't Be Done

Have you ever orangized an event for over a quarter of a million people? Want to know what it's like?

Work on the Gay Freedom Day Committee next year.

Spend the early weeks of the new year meeting with people and drumming up interest in the Parade and Celebration; have little gettogethers at your home; decide which committee you would like to work on.

Then start gearing up—because suddenly it's March 15th. You discover you haven't finished that press release you were going to put out in February; you haven't been able to get past the secretary of that City Hall department that issues permits for the stages and you have to deal with that office before it goes to the Board of Supervisors, the Police Department, the Mayor's office and who knows where else (you'll discover the chain as you follow it hither and yon through the Hall).

Then it's April. And the money isn't coming in quite as fast as you planned. In fact, you're half a million in the hole because that elaborate fundraiser didn't do what it was supposed to—but you all had a good time anyway!

And there are meetings. There are Media meetings Tuesday night, Float meetings Thursday night, Finance meetings Monday night, March meetings Friday night, Steering Committee meetings Wednesday night, general meetings Sunday nights.

And over there in the corner, your lover is saying, "I never see you anymore. I don't think you even know I exist." And you're saying "I love you... just let me make this one more phone call."

In May your boss takes you aside and talks to you about all the personal phone calls you're making at work. Your friends don't even bother asking you over for dinner anymore. They know your answer already, "Sorry. I've got to work on the parade."

Then June arrives. The Police say you can't shut that street down despite the fact you have 14 permits saying you can. So, you start all over again. The media starts saying, "Oh, it's parade time," even though you've been sending them releases since March. You don't have quite the number of monitors you'd called for (somewhere between 30 and 50 of the 900 you wanted). Medical supplies for the first aid stations are coming in slower than you need. You'll probably have everything in August. Of course, the parade is in June.

And the meetings continue. Now there are two meetings every night of the week. And all those wonderful weekends away from it all that you planned with friends/lovers disappear - as they go away without you.

Fundraisers take up your time push, push, push for money and
people. Helping people figure out the
best way to fluff up their float flowers
and trying to figure out how the hell to
get over 200 march contingents
squeezed in some order on Market
Street has you staying up nights—no
nightmares, just no sleep. How to
protect the decorations so that they
manage to stay put for the entire day
interrupts your thoughts during that
important deal at work.

And the meetings - you've stopped taking notes - no point.

Then it happens - the group meets at various restaurants for breakfast at 6 a.m. on the Big Day and you talk about what will happen if no one shows up, or the weather goes rotten, or a stage falls down, etc. And you gulp down one last sip of coffee and head for your station for the day.

And then it's suddenly all over -Civic Center Plaza is empty again and the sun is beginning to set behind City Hall as you sit on the steps and look out where just an hour or so ago, all those crazy, wonderful people had such a good time.

And you shake hands and hug your fellow workers and you feel so good!

On the way to your car, you hear yourself saying to your lover, "Next year, we should . . ."

The Only Way To Get A Monitor T-Shirt Is To Become A Monitor!

The Gay Freedom Day Committee invites you to become a member of an important team—the 750 medical and security monitors responsible for the safe conduct of the 1980 Gay Freedom Day Parade and Celebration. Without this team, Gay Freedom Day would be utter chaos.

The committment is not a light one. To become a monitor, you'll be required to go to training sessions to learn the techniques of non-violent crowd control and emergency first-aid. On the day of the parade, you won't have much time to spend with your friends and lovers. You'll be busy, because it really is a job.

Drunks will hassle you. Crowds will strain to see the parade by walking all over your feet. People will insist that they know the entertainers on stage and that they have special permission to be right by their side. Lots of folks will tell you they know someone who knows someone who will speak to someone about you to make sure you'll never work another parade unless they have their way. And there are lost kids, adults and animals. That's hard work.

But there is a tremendous amount of self-satisfaction, too. As the day draws to a close and you rest for a moment in your official T-shirt, you will be proud because there were no major incidents, things went much smoother than you ever imagined, and you realize that you've accomplished something very special for your community. You will have helped maintain a responsible image for Gays in San Francisco—showing that we can and do take care of ourselves.

If you're interested in becoming a medical monitor, call 752-8101 (Debbie). If you would like to become a security monitor, call 647-8831 (Vicki) or 861-4841 (Bob).

Do it. Work the parade.

Special MUNI Service for Gay Freedom Day

On June 29, MUNI service on the following lines will be approximately twice as frequent as usual to facilitate members and friends of the Gay community getting to and from the Parade and Celebration.

6 Parnassus: From 9th Avenue & Judah Street to the Ferry. Every

10 minutes from 8:30 a.m. till 1:00 p.m.

7 Haight: From Haight & Stanyan Streets to the Ferry. Every

20 minutes from 8:50 a.m. till 1:00 p.m. (Supplements regular #71 & #72 lines to provide a scheduled headway between coaches of 7 minutes on Haight Street

from Stanyan to the Ferry.)

8 Castro: From Castro & 19th Streets to the Ferry. Every

10 minutes from 8:30 a.m. till 7:00 p.m.

J Church: From 30th & Church Streets to Transbay Terminal.

Every 8 to 10 minutes from 8:45 a.m. till 12:45 p.m. (Combination of streetcars & supplemental motor

coach service.)

N Judah: From Judah & 19th Avenue to Transbay Terminal.

Every 8 minutes from 9:45 a.m. till 12:30 p.m. (Combination of streetcars & supplemental motor coach ser-

vice, above ground service on Sundays.)

After the Parade is over, MUNI Inspectors will monitor travel on these lines and plug in additional service as travel warrants. As noted above, the #8 will maintain a 10 minute headway for most of the day to accomodate the heavy travel expected between the Civic Center and the Castro.

The non-discrimination ordinances passed by the city of San Jose and the county of Santa Clara say that people should not discriminate against one another on the basis of "sexual orientation". The laws say that your private life is no one else's business.

Just as they say that your religion and politics and marital status and race are no one else's business.

These laws were passed by a four to one majority in the board of supervisors and a six to one majority in the city council.

Now a small group wants to repeal them. They are sponsoring referendums against both ordinances.

USE IT OR LOSE IT

Freedom and Gay Information

- At one time, it was illegal to use the U.S. Mail to transmit private, first class letters containing references to gay anything.
- At one time, small groups of lesbians or gay men who gathered to discuss their plight did so with shades drawn and sentries posted against the authorities.
- Today, the entire contents of The Joy of Gay Sex can be transmitted across the continent, from one microcomputer to another, in a matter of minutes, Post Office or no.
- Today, there are thousands of computerized lists of women's and gay rights advocates from all parts of the globe, authorities be damned.
 - Information, freedom and freedom of information are closely linked. Both information and freedom must continue to move if they are to be preserved.

- Vast new freedoms, using the machinery of today's information technology, are possible for all the planet's minorities...if we so choose...if you so choose to understand and exercise the freedom and information you now possess.
 - The clock will not turn back, but it needs a forward push from freedom-lovers everywhere. Link up. Love. Move оп.

JEFF BROWN Public Defender

I will always hope to be in the forefront of the struggle for human rights—and the cutting edge of that struggle today is the struggle of Lesbians and gay men. Your fight is the fight of all of us; you are our sisters and our brothers, our children and our parents—for we are all one.
